

See The Situation Like Christ

1. Looking around

What is Jesus seeing “when He saw...”? v36

Cities & villages

Synagogues

Sickness

People in need

2. Looking Up

“He was moved with compassion for them”

3. Looking at the Harvest

Jesus could see abundance!

We need to see harvested fruit!

God sees the plentiful harvest.

Conclusion:

Do you understand what Jesus is asking His people to do?

Will you commit to praying more faithfully for a new crop of missionaries?

Will you ask God if you can go and when that might be?
